

The Richmond Whig says that the Whigs of New Kent have nominated George W. Southall, Esq., of Williamsburg, for Congress, in Bayly's [late Wise's] District; James City has responded, and letters from influential sources in various parts of the District, fully approve and demand the nomination. Mr. Southall, without any question, can carry the District by not simply a decided, but a majority of some hundreds.

LOUISIANA.—Our brethren in this State do not seem to be at all tickled at the notion which Mr. Greely seems to have gotten into his head that it will go for Polk and Ruin. Hear what the Tropic says on this head:

A Small Mistake.—Our good friends of the New York Tribune set down Louisiana as a "possibly for Polk!" We beg they will do no such thing. Louisiana cannot, under any circumstances, support Mr. Polk, and we dislike to see her placed in any such category. If we have been unfortunate heretofore—if we have slept upon our arms, and allowed the enemy to take possession of our outposts, we have already been punished sufficiently. It is too bad to have Louisiana put down even as a "possible" Polk State, and we insist that our friends will alter their figures by placing us under the banner of Henry Clay, not "possibly" but positively!

Joseph Carter was convicted on Monday at Belvidere, N. J., of the murder of the Castner family. The jury were out about six hours. Hummer, the hired man of Carter, has had a true bill found against him as a participator, and several others have been arrested as presumed accomplices. There is a very general conviction in the community that the finding in the case of Carter is just, and that a dreadful conspiracy of murder will now be unravelled.

POLLY BODINE.—The trial of Polly Bodine, for the murder of Mrs. Houseman, is now going on at Richmond, Staten Island. Many witnesses have been examined, but the trial has not yet been brought to a close.

ARREST.—An individual named Charles T. Torrey was on Wednesday arrested by officers Hays, Zell & Co. of this city, charged with being a fugitive from justice from the State of Virginia, from which place he is alleged to have stolen six negroes, the property of Mr. Bushrod Taylor, of Winchester. He was committed by Justice Gray to await the requisition of the authorities of Virginia. He was also fully committed for trial here upon the charge of having stolen, about the 4th of this month, three negroes, the property of Mr. Heckrotte, of this city. The negroes are presented to have been taken towards Pennsylvania in each case. This is the same individual who created such a stir in Annapolis, Md., at the meeting of the slaveholding convention there some time back.—Balt. Amer.

FROM BERMUDA.—We have dates from Bermuda to the 18th inst. One file of the papers, the proprietor perhaps being disappointed in his "regular supply," comes to us printed on paste-board!

The drought continued, threatening consequences the most serious. The Bermudian says nearly every tank in the island is empty, and the springs are fast becoming dry.—N. Y. Exp.

SYMPATHY FOR IRELAND.
The friends of Ireland in New York assembled at Washington Hall in overwhelming numbers on Tuesday evening, at the call of the Repeal Association. GANESVOORT MELVILLE, Esq., was called to the chair, and on taking it addressed the vast concourse with animating and electric eloquence. The books were then opened for contributions to the Repeal Fund, and contributions, ranging from \$25 to 25 cents, were poured in by eager thousands, as fast as two secretaries could take them down, till near 10 o'clock. As, owing to the crowd, and the intense heat of the room, many could not get near the stand, two Secretaries were placed at a table in the outer hall, where great numbers made their humble but hearty offerings to the cause of Freedom and Humanity. At 10 o'clock, H. Greely briefly addressed the immense and enthusiastic concourse. Contributors to the Repeal Fund still eagerly pressed forward, and it was found necessary to adjourn the meeting over to this evening at the same place. The collections of the evening, including none from abroad but a small sum from the adjacent village of Astoria, amounted to \$1,028 74—the largest sum ever collected in this city at a single meeting. So rolls on the wave of Sympathy for struggling Ireland!—Trib.

SANDS' SARSAPARILLA.—It would be well if preparations from the herbs and plants on Earth's surface were more frequently prescribed by Physicians, and mineral poisons less.—There is a South American bird which, when bitten by the rattlesnake, in its conflicts with that reptile, resorts to a certain herb, eats of it, and lives. A single leaf expels the virus and restores the little flutterer to health. Precisely in the same way, though less rapidly, does Sands' Sarsaparilla destroy the virus of disease in the human system—and by thus purifying the fluids of the body, it removes the external developments of an unhealthy circulation. Tumors, Ulcers, all forms of Scrofula, with every Complaint, acute or chronic, occasioned by obstructions or impure secretions, disappear before the sanative influence of this medicine. Prepared and sold, wholesale and retail, by A. B. & D. SANDS, Wholesale Druggists, 79 Fulton st., New York. Price \$1 per bottle; 6 bottles for \$5. Agents for Washington city:—ROBERT FARNHAM, Bookseller, corner of Pennsylvania avenue and 11th street, and R. S. PATTERSON, Druggist, corner of Pennsylvania avenue and 9th street.

LOCAL NEWS.

THE CLUB HOUSE.

It has been suggested to us that, as our mechanics are generally busily employed throughout the day, and many of them desire an opportunity to assist in the erection of the Club House after working hours, that an opportunity will be afforded them for that purpose, this evening and future evenings until completed; it is expected, therefore, that all who can make it convenient will be on the ground at as early an hour as possible.

THE WEATHER for a few days past has been extremely warm and disagreeable, in consequence of the dust and other inconveniences to which the "flesh" of the metropolitan city is heir. We would respectfully call the attention of the authorities to the importance of having the streets cleansed from such impurities as are a continual offence to the olfactory, and cannot but be detrimental to the health of the inhabitants. Those streets which run through the flat districts of the city on either side of the Avenue need particular and immediate attention. The vicinity to which we have recently removed our office, upon Sixth street, south of the Avenue, is almost unbearable, and if there be "law in Venice," we call for redress.

NEW PUBLICATIONS.—Mr. Gideon Brooke has placed upon our table Blackwood's Magazine for June, a rich and attractive number. Among the articles which promise a feast to readers of discrimination, that in reference to Africa promises much valuable information about a country which the commercial spirit of this age is bringing much into fashion. We expect a rich treat in its way from the article upon Beau Brummell. An article with the strange caption, "Who wrote Gil Blas?" will arrest attention, as no reader of taste will ever fail to go into ecstasies at the mention of Gil Blas. The article upon Greece must possess great interest at the present time.

Mr. Brooke has also favored us with a new novel by James, dressed in the popular form of the Harpers, entitled "Rose D'Albret."

LECTURE ON THE STEAM ENGINE.—MR. C. EMMONS, of New York, will give a lecture at CONCERT HALL, (near Brown's Hotel), on THURSDAY evening, June 27th, on the Steam Engine, illustrated by a large didactic model, and which, when in motion, exhibits to view the internal and external movements of the Engine, and is driven by a small high pressure engine.
